

Three Questions

1 - Does God have a plan for the health, wellness, and wholeness of human life *body, mind, and spirit*?

Yes of course. Would He create us; “**number the hairs**” on our heads; feed the “**birds of the air**”; clothe the “**lilies of the field**”; send His Son to die for us; and not provide for our needs?

SCRIPTURE – Genesis 1:31; Job 38-40; Psalms 24; 104; 139:13-18; Matthew 6 *and much more*. In John 1:3 "all things were made by Him" including all things we eat and drink and the organic chemistry of life. **Word of Christ** connections in Deuteronomy 18:19; Acts 3:22; John 5:46; all four gospels; Romans 10:17. **SCIENCE**: epigenetics; infant-adult nutrition; studies of ecology; epidemiology; longevity etc. *all agree with scripture*. Churches teaching this enjoy 50% less chronic disease based on a 25 year study at UCLA, Loma Linda University, “blue zones” study of National Geographic, and more.

2 - If the gospel is wholesome even at ground level, how does it work?

There is only one way it could work – by what God has made and what God has said - creation plus truth. In the beginning God made air, water, wholesome food, herbs, sunshine, clean organic agriculture etc. Jesus explained “**Man does not live by bread alone but also by every word of God.**” HOWEVER – God’s plan depends on us doing our part. We do have free will and power to mess things up. Here are a few examples – more on other side! *Read and weep!*

What’s killing the bees?

Birth defects, **cancer**,
autism, ADHD,
development issues

200+ toxic chemicals found in
newborn umbilical cord blood

What’s poisoning babies?

What’s killing the oceans?

The dark side

GMO, CAFO, chemical based agriculture

CAFO = Concentrated Animal Feeding Operations

GMO =genetic engineering

Dec. 28, 2017- responsibletechnology.org – “They’ve introduced inexpensive gene editing techniques, which they falsely portray as safe, and they’ve expanded their plans for global conquest beyond just food crops. *They want to genetically engineer fish, livestock, insects, pets, trees, grass, flowers, bacteria, fungi, and algae*”.

Wholeness of Christ - www.phpower.org

“I have come that they may have life, and have it more abundantly” John 10:10.

That can only work with a gospel that covers all the bases. Without that...*read and weep*

- **Honey bees missing** - colony collapse – several species now on endangered list
- **Babies with 289 toxic chemicals in blood “in utero”** per EWG – some cry for mother’s milk and get a needle, bottle, babysitter instead – not enough churches teaching mothers the *value of mother’s milk maternal-infant bonding, parental health, lifestyle importance etc.*
- **MASS KILLINGS** – brain malfunction due to combined effects of processed foods, psychiatric drugs, & deep buried hostility beginning when someone said “let them cry, it’s good for their lungs”.
- **Death by superbug** – antibiotic overuse in doctors’ offices, factory farms, hospitals etc.
- **Obese kids overfed/undernourished** – sugar, junk food, diabetes, drug addictions, hormonal disruption by atrazine and other pesticides in agriculture causing sexual confusion.
- **Chemical farming - pesticides you can’t wash off** = foods missing antioxidants, flavor etc.
- **CAFO cruelty** - concentrated animal feed operations making both animals and people sick
- **Oceans dying** - which fish safe to eat? 500 “dead zones” at mouths of major rivers
- **Elderly suffering from multiple nutritional deficiencies and imbalances** - when sick see doctor for drugs and hi-tech fix while basic causes ignored - **WHOLENESS OF CHRIST** needed.
- **Parents burying their kids** – younger generation sicker and dying sooner than old
- **Epidemics** of cancer, Alzheimers, autism, obesity, diabetes, ADHD, mental disorders etc.
- **Millions of kids on psychiatric drugs** while basic nutritional and lifestyle mistakes ignored
- **GMO (genetically modified) madness** - wants to take over world -*slap in the face to God*
- **Complicity of media?** Bought and paid for by big pharma - DECEPTION over and over

3 – What to do about it? Follow a gospel that covers the bases.

America and the world are hungry for a gospel that covers the bases - body, mind, spirit. It begins with “incorruptible seed” (1Peter 22-25) and the simple truth that “all things were made by Him” (John 1:3). “All things” include everything we eat, drink and breathe for health and wholeness - fresh air, water, food, sunshine, herbs, organic farm/food systems, genetic honesty, and bio-chemicals in foods and herbs that kill cancer cells and heal disease. We must honor truth, giving God credit for what He made, and question “truth” bought and paid for by big money. It’s time to honor scripture that is supported by the natural sciences - list on other side. Want to help? No college needed but you must care about bees, kids, the elderly and sick, your country, and yourself. Imagine a world of small faces with big beautiful smiles. Share this message. **“Be merciful”**. Plant the seed watch it grow, we reap what we sow.

Nutrition-For-Life – *pathway to wholeness*

“Feed My lambs – Feed My sheep – Feed My sheep” John 21
